

Adobe Certified Professional in Content Creation and Marketing Using Adobe Express

Adobe Certified Professional certifications, delivered by Certiport, are the official, industry-recognized credentials that validate entry-level proficiency in Adobe Creative Cloud applications and foundational knowledge for digital media careers.

The *Content Creation and Marketing Using Adobe Express* exam is 50-minutes in length and designed with the following Target Candidate in mind:

The Target Candidate (TC) is a professional, postsecondary student, or secondary student preparing to graduate with approximately 150 hours of combined academic or other instruction and hands-on experience in using Adobe Express for efficient content creation and communication, and in digital marketing. The successful candidate will have knowledge of the basic tasks required in day-to-day use of the product. The candidate can speak credibly to other users about what can be done with Adobe Express and about how to do it.

i. Key concepts: color picker, color themes, duotone and other effects, hex numbers, swatches, RGB

3.2 Create video, audio, and animation.

3.2.a Add and adjust video.

i. Key concepts: timeline, scenes, and transitions; remove background; aspect ratios (short form, portrait, landscape)

3.2.b Add and adjust audio.

i. Key concepts: music, voice recording, uploading files, adjusting volume, muting, file types, Animate from audio, caption video

3.2.c Animate elements and objects.

3.2.d Apply effects and adjustments.

3.2.e Show layer timing and trimming.

3.3 Create webpages.

3.3.a Add multimedia.

i. Media types: video, images, GIF

3.3.b Differentiate between available layouts.

i. Layouts: Glideshows, photo grids, split layout, themes, text layout, short cover

3.3.c Add interactivity.

i. Key concepts: buttons, links, add a link from YouTube or Vimeo

3.4 Add and modify text.

3.4.a Apply typographic settings to text.

i. Key settings: font families and styles, font size, alignment, flip horizontal and vertical, text layout

3.4.b Apply styling to text.

i. Key concepts: text effects, shadows, shapes, and animations, line spacing, letter spacing, fill and outline

3.4.c Describe the advantages of using recommended fonts.

3.5 Use templates.

3.5.a Selecting appropriate templates based on project specifications and intended audience.

3.5.b Modify templates.

i. Modifications: change image, color, shapes, text, etc.

3.5.c Describe the benefits of using templates.

3.6 Edit and convert files.

3.6.a Combine multiple documents into one PDF file.

3.6.b Make visual changes to elements of a PDF.

i. Key concepts: scanned vs unscanned documents

3.6.c Create new content based on a PDF.

3.7 Increase audience reach.

3.7.a Describe appropriate uses of QR codes.

3.7.b Describe appropriate uses of the Translate feature.

4. Content Management

This objective covers the skills and concepts required to effectively manage content for multiple projects in Adobe Express.

4.1 Create a library of assets.

4.1.a Use files from other Adobe applications in Express.

4.1.b Store elements in a library.

i. Elements include: color, color themes, fonts, graphics (JPEG, SVG, PSD, AI, PNG, GIF), templates, patterns, materials

4.1.c Invite people to the library.

4.1.d Use library assets as a brand.

4.2 Organize files.

4.2.a Create and implement naming conventions.

4.2.b Create a folder hierarchy to organize files.

4.3 Create templates.

4.3.a Remix and allow others to remix a design.

4.3.b Use templates in libraries.

i. Key concepts: share to another library, use within your own library

4.3.c Use Text to Template.

4.3.d Lock assets and elements in a template.

i. Key Concept: prevents collaborators from modifying

4.4 Create content for multiple platforms.

4.4.a Modify content to be used on various platforms.

i. Key Concepts: Duplicate, Resize, Group assets/elements

5. Sharing and Publishing

This objective covers the features of Express that allow content creators to share their work, including collaborating with team members and clients, publishing content to various platforms, and exporting content.

5.1 Collaborate with team members and clients.

5.1.a Participate in an established workflow.

i. Key concepts: working within a team on a specific portion of a design, live co-editing (multiplayer editing)

5.1.b Share for comment.

5.1.c Invite collaborators.

i. Key concepts: invite to work on a document, page, brand, or libraries; invite specific people or anyone with a link

5.2 Publish and schedule content.

5.2.a Publish to web.

5.2.b Schedule posts.

5.3 Export content in appropriate formats.

5.3.a Choose the appropriate format to use when exporting content.

i. Formats: PNG, JPEG, PDF, MP4, GIF, Zip file or PDF

ii. Video resolutions: original size, 720p, 1080p, 4k

NOTE: All key items (Key Terms, Key Tools, Key Concepts, and Key Settings) are examples and not a comprehensive list. Changes in the industry or application may necessitate coverage of items not listed that apply to the Target Candidate description for the Adobe Certified Professional program.
